Peer-reviewed publications

List all publications, including original research publications and other scholarly contributions. You may provide a summary of your contribution to, or your role in, the work associated with each publication (e.g. intellectually conceiving or conducting the research, supervising staff, writing the paper).

For original research publications please indicate those arising from Trust-funded grants in **bold**, and provide the PMID reference for each of these. Please refer to guidance notes.

Publications should be in chronological order with the most recent first. Please give citation in full, including title of paper and all authors.*

*(*All authors, unless more than 10, in which case please use 'et al', ensuring that your position as author remains clear.)*

--

Are you a named author on any Wellcome Trust funded original peer-reviewed research papers?	
---	--

Are all your Wellcome Trust funded original peer-reviewed research papers, published from October 2009 onwards, compliant with our open access policy?	
--	--

Current and recent research funding (including Wellcome Trust grants)

Please list all held in the last five years and any key prior grants (list the most recent first). State the name of the awarding body, name(s) of grantholder(s), title of project, amounts awarded, your role in the project, and start and end dates of support. For all active grants, indicate the number of hours per week that are spent on each project.

Research summary

Research summary

Please provide a summary of your proposed research, including key goals, for an expert audience (200 words max.)

Lay summary

Please provide a summary of your proposed research, including key goals, for a non-expert audience (200 words max.)

Details of research project

Duration of research project (months)	
---------------------------------------	--

Detail the research project that would be performed exclusively by the applicant under the following headings:

- (a) Aims and research question(s);
- (b) Work which has led up to the project;
- (c) Approach and methods to be used. Provide full details of the study design for human studies (including sample size justification, power calculations, inclusion/exclusion criteria);
- (d) Relevance of the project to the low- or middle-income setting;
- (e) How the research findings might be incorporated into health care policy.

No more than **1,400** words should be used to describe the proposal.

(1400 words max.)

You may submit up to two A4 pages of additional information (such as graphs, figures, tables and essential unpublished data).

References
You should give the citation in full, including title of paper and all authors.

Are there any papers listed in your 'References' section as being "in press" that you wish to submit to us?

What is the total full economic cost (£)?	
---	--

Research involving human participants, human biological material and identifiable data

Does your project involve human participants, human biological material, or identifiable/potentially identifiable data?	
---	--

Please confirm that you have read the Trust's guidance on the feedback of health-related findings in research and that you are in the process of considering your approach to this.

Please state by whom and when the ethics of the project has been, or will be, reviewed and specify any other regulatory approvals that have been obtained, or will be sought.

We reserve the right to see relevant approval documents at any point during the lifetime of the grant, in accordance with our policy position on research involving human participants.

In the course of your project, do you propose to use facilities within the National Health Service (NHS) or to involve patients being cared for by the NHS?	
---	--

Is a formal sponsor required for the project, for example under the Medicines for Human Use (Clinical Trials) Regulations or the Research Governance Framework for Health and Social Care and equivalent guidance?	
--	--

Please indicate which organisation(s) has/have agreed to fulfil this role. Please note that the Wellcome Trust cannot act as sponsor.

Does your project involve a clinical trial?	
---	--

Is the clinical trial covered by The Medicines for Human Use (Clinical Trials) Regulations in the UK?	
---	--

Please upload your completed 'Clinical trials form' here
--

Please confirm that:

An independent Trial Steering Committee (TSC) will be established and its membership discussed with the Wellcome Trust. If any other type of independent monitor is to be implemented, please indicate and provide any relevant details below

--

Approval will be obtained for the trial protocol, typically by the TSC, prior to commencement of the trial.

The trial will be registered on the International Standard Randomised Controlled Trial Number Register (ISRCTN), ClinicalTrials.gov, or on another register listed on the WHO International Clinical Trials Registry Platform (ICTRP).

If any potentially commercially exploitable results may be based upon tissues or samples derived from human participants, please confirm that there has been appropriate informed consent for such use.

--

Proposals involving animals

Please indicate which of the following apply: <i>(Proposal involves the use of animals, Proposal involves the use of animal tissue, Neither of the above)</i>

Do your proposals include procedures to be carried out on animals in the UK which require a Home Office licence? If yes, refer to notes.	
---	--

Do your proposals involve the use of animals or animal tissue outside the UK? If yes, refer to notes.	
--	--

If your proposals do involve the use of animals, what would be the severity of the procedures?

Please provide details of any procedures of substantial or moderate severity (250 words max.)

Why is animal use necessary: are there any other possible approaches? (250 words max.)

Indicate which of the following species will be used <i>(Primate, Cat, Dog, Equidae, Genetically Altered Animals, Other animals)</i>

Why is the species to be used the most appropriate?
(250 words max.)

--

Primates

Do you expect facilities and practices, and the proposed research will comply with the principles set out in the 'National Centre for the Replacement, Refinement and Reduction of Animals in Research (NC3Rs) Guidelines: Primate accommodation, care and use' ?	
---	--

Please explain why not

Will it be necessary to transport the non-human primates (i.e. from breeding facility and within the host organisation environment)?	
--	--

Indicate approximate journey times and the measures that will be taken to minimise the potential stress during transport.

Please provide details of the housing for the animals, e.g. enclosure size, environmental enrichment.

Will single housing of the non-human primates be necessary at any time?	
---	--

Please provide details in terms of the justification for single housing, its duration, and what additional resources will be provided to the animals to minimise the impact on animal welfare.
--

--

Describe the experimental procedures involved and how any pain, suffering, distress and/or lasting harm will be minimised. Have the procedures been recently reviewed by the Named Veterinary Surgeon (NVS), Named Animal Care and Welfare Officer (NACWO) and ethical review process (ERP)?

--

Will any of the experimental procedures involve food and/or water restriction?

--

Justify why this is necessary and outline what alternatives have been considered.

--

Will any of the experimental procedures involve restraint?

--

What alternatives have been considered? Describe the nature of the restraint, its duration and frequency, and what will be done to avoid distress.

--

What prior experience and training in non-human primate use, care and welfare have the staff named in the application had? What provision is made for continuing professional development in these areas?

--

Will any of the staff involved require specific training for any of the procedures concerned?	
---	--

Please provide details of the training needed and where it will be undertaken.

Cats and Dogs

From where will the animals be sourced?

Will it be necessary to transport the animals?	
--	--

Indicate approximate journey times and the measures that will be taken to minimise the potential stress during transport.

Are animals to be imported?	
-----------------------------	--

Where animals are to be imported, what journey times have been agreed with the Home Office? Describe the conditions for the animals at the breeding establishment and how the potential stress during transport will be minimised.
--

Please provide details of the housing for the animals, e.g. enclosure size, environmental enrichment.

--

Will single housing of the animals be necessary at any time?	
--	--

Please provide details in terms of the justification for single housing, its duration, and what additional resources will be provided to the animals to minimise the impact of the single housing.

Describe the experimental procedures involved and how any pain, suffering, distress and/or lasting harm will be minimised. Have the procedures been recently reviewed by the Named Veterinary Surgeon (NVS), Named Animal Care and Welfare Officer (NACWO) and ethical review process (ERP)?

Will any of the staff involved require specific training for any of the procedures concerned?	
---	--

Please provide details of the training needed and where it will be undertaken.

Risks of research misuse

It is the responsibility of organisations in receipt of Wellcome Trust funding to ensure that any risks that research could be misused for harmful purposes are managed in an appropriate manner.

Please confirm that you have considered whether your proposed research could generate outcomes that could be misused for harmful purposes.

Have you identified any tangible risks of this type?	
--	--

Please briefly describe these risks and the steps that you and your organisation will take to manage them (250 words max.)

Freedom to operate/conflicts of interest

Describe any freedom to operate issues or potential conflicts of interest that have been identified or that might arise and how these will be or have been addressed.

In particular, please consider the following:

- Do any of the individuals involved in the project hold any consultancies or equities in, or directorships of, companies or other organisations that might have an interest in the results of the proposed research?
- Will the proposed research use technology, materials or other inventions that are subject to any patents or other form of intellectual property protection?
- Will any element of the research be subject to agreements with commercial, academic or other organisations, including arrangements with collaborators named in the grant application, that might lead to intellectual property issues or restrictions?

(350 words max.)
