| Please provide a summary of your proposal, including key goals. (200 words max.) |
| |

Details of project

| |
|--|
| <p>Please detail, where appropriate, the following information (1,000 words maximum):</p> <p>What do you want to do with this grant?</p> <p>a) What is your main focus? (What topic, theme or problem is the grant intended to address?)</p> <p>b) What activities will you undertake? (This could include research leave, networking events,</p> |
|--|

seminars, planning sessions, pilot studies etc.)

c) What will be the outputs of the activities? (This could include publications, pilot data, proofs of concept, archival scoping, a robust network of collaborators etc.)

Why is it important?

a) What potential impact in the field do your proposed activities have?

b) What will the outputs help you to achieve in the future? (Will it enable you to apply for more funding? Will it establish a scholarly network to support research?)

How will you do it?

a) Who will lead the project?

b) Who will be the collaborators?

c) What methods or approaches will be used? How will the outputs emerge from these?

Please note, this is an example answer structure. It is intended as a guide and is by no means prescriptive.

(1000 words max.)

You may submit up to two A4 pages of additional information (such as graphs, figures, tables and essential unpublished data).

Research involving human participants, human biological material and identifiable data

Does your project involve human participants, human biological material, or identifiable/potentially identifiable data?

Please confirm that you have read the Trust's guidance on the feedback of health-related findings in research and that you are in the process of considering your approach to this.

Please state by whom and when the ethics of the project has been, or will be, reviewed and specify any other regulatory approvals that have been obtained, or will be sought.

We reserve the right to see relevant approval documents at any point during the lifetime of the grant, in accordance with our policy position on research involving human participants.

In the course of your project, do you propose to use facilities within the National Health Service (NHS) or to involve patients being cared for by the NHS?

Is a formal sponsor required for the project, for example under the Medicines for Human Use (Clinical Trials) Regulations or the Research Governance Framework for Health and Social Care and equivalent guidance?

Please indicate which organisation(s) has/have agreed to fulfil this role. Please note that the Wellcome Trust cannot act as sponsor.

Risks of research misuse

Please confirm that you have considered whether your proposed research could generate outcomes that could be misused for harmful purposes.

Have you identified any tangible risks of this type?

Please briefly describe these risks and the steps that you and your organisation will take to manage them
