Career breaks Have you had any career breaks or periods of part-time work, for example parental or long-term sick leave?	
--	--

Please provide details

Do you wish to undertake this award part time?	
--	--

Other duties

Please list other professional academic responsibilities, indicating the number of hours per week spent undertaking these.

Professional recognition

Please list: (i) Prizes, honours and awards received during your career, including invited talks during the last three years; (ii) Current memberships of funding agency advisory and/or journal editorial boards.

Peer-reviewed publications and other research outputs

List up to 20 of your most significant peer-reviewed publications, preprints, or other scholarly research outputs, e.g. patents. Please ensure that at least five of these are from the last five years. For 10 of these outputs, you may also provide a statement describing their significance (up to 50 words per output).

For original research publications indicate those arising from Trust-funded grants in **bold**, and provide the PubMed Central ID (PMCID) reference for each of these. Please refer to guidance notes.

Please give citation in full, including title of paper and all authors Citations to preprints should state "Preprint", the repository name and the articles persistent identifier (e.g DOI).*

*(*All authors, unless more than 10, in which case please use 'et al', ensuring that your position as author remains clear.)*

Total number of peer-reviewed publications which you have authored/co-authored. Please exclude abstracts and literature reviews.	
--	--

Are you a named author on any Wellcome Trust funded original peer-reviewed research papers, published from October 2009 onwards?	
--	--

Are all your Wellcome Trust funded original peer-reviewed research papers, published from October 2009 onwards, compliant with our open access policy?

Current and recent research funding (including Wellcome Trust grants)

Please list all held in the last five years and any key prior grants (list the most recent first). State the name of the awarding body, name(s) of grantholder(s), title of project, amounts awarded, your role in the project, and start and end dates of support. For all active grants, indicate the number of hours per week that are spent on each project.

Please describe how the currently active grants listed above relate to this application (200 words max.)

Training record

Please name *up to five individuals* you have trained, if any. Describe in brief your contribution to their career development, and state both their position at the time you were training them (e.g. postgraduate student, postdoctoral research assistant) and their current position. (300 words max.)

Career contributions

What are your most important research-related contributions to date? These may include contributions to health policy or practice, or to technology or product discovery and development. (350 words max.)

Summary of research over the last five years

Please provide a summary of the research you have carried out over the last five years (300 words max.)

--

Personal statement Describe how this Fellowship would further your research and career aspirations, and its context in your longer-term vision. (300 words max.)

Location of research What scientific considerations led you to choose the proposed organisation for your research? (300 words max.)

Time spent on research What percentage of your working week will be spent on this Fellowship?

The following questions, up to and including that regarding the Honorary Clinical Contract, are for Senior Research Fellowship in Clinical Science applicants only.

Do you have a medical/veterinary degree?	
--	--

Please specify

Are you clinically active?	
----------------------------	--

What is your specialty?

Please specify

Please describe the clinical duties that are essential for the delivery of the proposed research, and the number of hours per week that will be spent undertaking these.

--

Please state the number of hours per week that will be spent on 'routine' clinical work or that will be needed for further training requirements.

--	--

Do you hold a Certificate of Completion of Training (CCT)?

--	--

State date awarded

--	--

Please describe the outstanding requirements for full accreditation

--

Do you intend to obtain/will you have an Honorary Clinical Contract at consultant level, prior to taking up an award?

--	--

The remainder of this section is relevant for Principal Research Fellowship, Senior Research Fellowship in Basic Biomedical Science or Senior Fellowship in Public Health and Tropical Medicine applicants only.

This question is relevant for Senior Fellowship in Public Health and Tropical Medicine applicants only.

Recommendation by applicant's present Head of Department Please upload a letter of support from your current Head of Department (300 words maximum)

Collaborators

Will you require any key collaborators for this proposal?	
---	--

Please list any key collaborators* (name and organisation) and provide a very brief outline of their role in the proposed research. <i>*The collaborators named may be replaced with suitable alternatives should it be necessary or appropriate to do so.</i>

I confirm that the collaborators named above have agreed to be involved, as described, in the

proposed research and are willing for their details to be included as part of this application.

Related applications

Is this or a similar application for funding currently under consideration elsewhere?

Please provide name(s) of funding organisation(s) and decision date(s)

Is this a resubmission of an application submitted to the Wellcome Trust within the last 24 months?

Please describe how this application differs from the original (200 words max.)

Research summary

Research summary

Please provide a summary of your proposed research, including key goals, for an expert audience (200 words max.)

Lay summary

Please provide a summary of your proposed research that people who may not be familiar with the subject can understand. We may edit your summary and then use it to describe your research on our website and elsewhere.

This question is relevant for Senior Fellowship in Public Health and Tropical Medicine applicants only.

Low- or middle-income country setting

Describe the relevance of the proposed research to the low- or middle-income country setting (250 words max.)

Research vision

Please describe your research vision. You should ensure that this addresses the aims and key research questions, how this research will advance your field and the research approaches you will take (3,000 words maximum).

Please refer to guidance notes before completing this section.

(3000 words max.)

Does your proposal involve a clinical trial?	
--	--

Clinical trial details

What are the proposed participating centres, and the roles of the clinical trial team members? Provide details of any activity to be undertaken by a third party, and comment on the plans to ensure the presence of a formal contract. (200 words max.)

Please describe the study design, including planned interventions (experimental and control), duration of treatment, and any potential significant risks to participants. Details of any investigational product should be provided with particular regard to manufacture, quality and consistency. (300 words max.)

--

Describe the inclusion/exclusion criteria. What are the proposed methods for protecting against sources of bias? What are the proposed arrangements for allocating participants to trial groups? (200 words max.)

--

What are the envisaged primary and secondary outcome measures, and how will these be assessed at follow up? Describe the proposed frequency and duration of follow up and any anticipated problems with non-compliance and/or loss to follow up. (200 words max.)

--

Detail and justify the sample size and proposed statistical analysis, including any interim analyses and/or subgroup analyses. Outline and justify the strategy for recruitment. (200 words max.)

--

How have patients, patient advocacy groups or communities been involved in developing the clinical aspects of this proposal? (300 words max.)

--

Describe anticipated regulatory and governance approvals, and the proposed arrangements for trial management. What is the proposed membership of the Trial Steering Committee and the Data Monitoring and Ethics Committees?

(200 words max.)

Additional information

You may submit up to two A4 pages of additional information (such as graphs, figures, tables and essential unpublished data).

Key references

You should give the citation in full, including title of paper and all authors.

Supporting information

Is there anything you would like to add in support of your application? You might wish to highlight, for example:

- any special circumstances relating to your research career;
- evidence of your commitment to public engagement;
- your translational activities;
- key members of your team who will contribute to your research programme.

(500 words max.)

Data management and data sharing

Will the proposed research generate data or software outputs that hold significant value as a resource for the wider research community?

Please provide a data management and sharing plan
(700 words max.)

--

Research group size

Please provide details of the number of people in your research group reporting to you: during the previous two years, currently, and projected over the proposed duration of your award, including any research staff supported by recurrent or core funding.

Research group size data should be calculated on a full-time equivalent (FTE) basis.

	Year -2	Year -1	Current	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7
PhD students / research assistants (inc. shared)

Other (please specify below)										
Total	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00

Please specify the categories of any staff included under 'Other'. If this does not apply, please enter N/A.

--

If desired, provide additional clarification of research group numbers (100 words max.)

--

Public engagement

Do you have plans for engaging with the non-academic public about your work?	
--	--

Do you wish to apply for a provision of funds for public engagement as part of your research proposal? Please refer to guidance for further information.	
--	--

Please provide a brief outline of your public engagement plans (250 words max.)

Please note that we provide support for Wellcome Trust funded researchers to engage with the non-academic public. Do you wish to receive information about training, funding and other public engagement opportunities?

Full economic costing

Is your organisation based in the UK?	
Is your organisation calculating the full economic cost of this proposal?	
What is the total full economic cost (£)?	

Research involving human participants, human biological material and identifiable data

Does your project involve human participants, human biological material, or identifiable/potentially identifiable data?	
---	--

Please confirm that you have read the Trust's guidance on the feedback of health-related findings in research and that you are in the process of considering your approach to this.

Please state by whom and when the ethics of the project has been, or will be, reviewed and specify any other regulatory approvals that have been obtained, or will be sought.
We reserve the right to see relevant approval documents at any point during the lifetime of the grant, in accordance with our policy position on research involving human participants.

Is the proposed clinical trial covered by The Medicines for Human Use (Clinical Trials) Regulations in the UK?	
--	--

Please confirm that the trial will be registered on the International Standard Randomised Controlled Trial Number Register (ISRCTN), ClinicalTrials.gov, or on another register listed on the WHO International Clinical Trials Registry Platform (ICTRP).
--

--

In the course of your project, do you propose to use facilities within the National Health Service (NHS) or to involve patients being cared for by the NHS?	
---	--

Is a formal sponsor required for the project, for example under the Medicines for Human Use (Clinical Trials) Regulations or the Research Governance Framework for Health and Social Care and equivalent guidance?	
--	--

Please indicate which organisation(s) has/have agreed to fulfil this role. Please note that the Wellcome Trust cannot act as sponsor.

If any potentially commercially exploitable results may be based upon tissues or samples derived from human participants, please confirm that there has been appropriate informed consent for such use.

Proposals involving animals

Please indicate which of the following apply: <i>(Proposal involves the use of animals, Proposal involves the use of animal tissue, Neither of the above)</i>

Do your proposals include procedures to be carried out on animals in the UK which require a Home Office licence? If yes, refer to notes.	
---	--

Do your proposals involve the use of animals or animal tissue outside the UK? If yes, refer to notes.	
--	--

If your proposals do involve the use of animals, what would be the severity of the procedures?

Please provide details of any procedures of substantial or moderate severity (250 words max.)
--

--

Why is animal use necessary: are there any other possible approaches? (250 words max.)

Indicate which of the following species will be used (Primate, Cat, Dog, Equidae, Genetically Altered Animals, Other animals)

Why is the species to be used the most appropriate? (250 words max.)

Primates

Do you expect facilities and practices, and the proposed research will comply with the principles set out in the 'National Centre for the Replacement, Refinement and Reduction of Animals in Research (NC3Rs) Guidelines: Primate accommodation, care and use' ?	
---	--

Please explain why not

Will it be necessary to transport the non-human primates (i.e. from breeding facility and within the host organisation environment)?	
--	--

Indicate approximate journey times and the measures that will be taken to minimise the potential stress during transport.

--

Please provide details of the housing for the animals, e.g. enclosure size, environmental enrichment.

Will single housing of the non-human primates be necessary at any time?	
---	--

Please provide details in terms of the justification for single housing, its duration, and what additional resources will be provided to the animals to minimise the impact on animal welfare.

Describe the experimental procedures involved and how any pain, suffering, distress and/or lasting harm will be minimised. Have the procedures been recently reviewed by the Named Veterinary Surgeon (NVS), Named Animal Care and Welfare Officer (NACWO) and ethical review process (ERP)?

Will any of the experimental procedures involve food and/or water restriction?	
--	--

Justify why this is necessary and outline what alternatives have been considered.

Will any of the experimental procedures involve restraint?	
--	--

What alternatives have been considered? Describe the nature of the restraint, its duration and frequency, and what will be done to avoid distress.

--

What prior experience and training in non-human primate use, care and welfare have the staff named in the application had? What provision is made for continuing professional development in these areas?

--

Will any of the staff involved require specific training for any of the procedures concerned?

--

Please provide details of the training needed and where it will be undertaken.

--

Cats and Dogs

From where will the animals be sourced?

--

Will it be necessary to transport the animals?

--

Indicate approximate journey times and the measures that will be taken to minimise the potential stress during transport.

--

Are animals to be imported?

Where animals are to be imported, what journey times have been agreed with the Home Office? Describe the conditions for the animals at the breeding establishment and how the potential stress during transport will be minimised.

Please provide details of the housing for the animals, e.g. enclosure size, environmental enrichment.

Will single housing of the animals be necessary at any time?

Please provide details in terms of the justification for single housing, its duration, and what additional resources will be provided to the animals to minimise the impact of the single housing.

Describe the experimental procedures involved and how any pain, suffering, distress and/or lasting harm will be minimised. Have the procedures been recently reviewed by the Named Veterinary Surgeon (NVS), Named Animal Care and Welfare Officer (NACWO) and ethical review process (ERP)?

Will any of the experimental procedures involve restraint?

What alternatives have been considered? Describe the nature of the restraint, its duration and frequency, and what will be done to avoid distress.

--

What prior experience and training in animal use, care and welfare will be required of the staff named in the application? What provision is made for continuing professional development in these areas?

--

Will any of the staff involved require specific training for any of the procedures concerned?	
---	--

Please provide details of the training needed and where it will be undertaken.

--

Risks of research misuse

Please confirm that you have considered whether your proposed research could generate outcomes that could be misused for harmful purposes.

--

Have you identified any tangible risks of this type?	
--	--

Please briefly describe these risks and the steps that you and your organisation will take to manage them
(250 words max.)

--

Freedom to operate/conflicts of interest

Describe any freedom to operate issues or potential conflicts of interest that have been identified or that might arise and how these will be or have been addressed.

In particular, please consider the following:

- Do any of the individuals involved in the project hold any consultancies or equities in, or directorships of, companies or other organisations that might have an interest in the results of the proposed research?
- Will the proposed research use technology, materials or other inventions that are subject to any patents or other form of intellectual property protection?
- Will any element of the research be subject to agreements with commercial, academic or other organisations, including arrangements with collaborators named in the grant application, that might lead to intellectual property issues or restrictions?

(350 words max.)

--

Wellcome Trust supported facilities

Will the project be based in one of the following Wellcome Trust supported facilities:

- the Wellcome Trust Sanger Institute
- a Wellcome Trust Centre
- a Major Overseas Programme
- the Francis Crick Institute?

--

Please specify
